

ARABLAB+ 21

STATEMENT

The Organisers of **ARABLAB+ 2021** have rescheduled the exhibition dates to now take place on **15 – 17 NOVEMBER 2021**.

Dubai does provide a very safe and secure venue for the Exhibition.

However, the current travel restrictions applying to many countries from which exhibitors and visitors originate, are preventing many participants from making their travel plans.

Therefore, taking these concerns into account, we have rescheduled the exhibition for **15-17 NOVEMBER 2021**.

The new dates will provide the industry with an expanded business and technology platform within the Show and the supporting Seminar Program to include:

FOODLAB

CHEMLAB

BIOLAB

ENVIROLAB

PETROLAB

TESTLAB

MEDILAB

DESIGNLAB

We look forward to welcoming the “World of SCIENCE & CHEMICALS” back to **ARABLAB+ 21.....** the successful Show & Seminar Brand that the industry expects and deserves.

**The ARABLAB Group
Dubai.**
